Hello Dr. Fowler,

The time has arrived. Next week is the week for the big event. We have contact KCI and have made arrangements for a couple of tables and four chairs. We are making the banner and already have signs made to meet the people as they get off the planes.

The banners and tables sound great.

Do you know where the shuttle buses will pick up people in Terminal A?

The shuttle buses will queue up at the intersection of Paris & Mexico City Avenues. We have the following schedule for the buses:

LEAVING FROM TERMINAL "A" KCI WEDNESDAY, 7 OCT
3:15pm
7:45pm
12:15am (Thurs. Morning)

LEAVING FROM TERMINAL "A" KCI THURSDAY, 8 OCT
10:30am
11:30am
12:30pm

1:00pm
1:30pm
2:00 pm

LEAVING FROM MANHATTAN HOLIDOME SUNDAY, 11 OCT

4:00am
5:00am
6:00am
7:00am
7:30am
8:00am
9:30am
10:30am

Have arrangements already been made
with the KCI police?

We have contacted the KCI police and they want the buses to only be
at Terminal "A" while they are loading up. Therefore, the need to
queue at Paris and Mexico City.

We will have the tables set up near
the curb site where the buses will park.

If it is cold or rainy, why not put them inside close to the USAir
Express ticket counter?

We have tried to contact UMKC but have not been successful
so far, but we will keep trying. Jeremy Hill has volunteered
to help us greet people at KCI. He will be a big help.

Yes, Jeremy is a really good Tau Bate. UMKC needs their chain
rattled. If you know **Dean Quinton Bowles**, maybe a call to him might
get the UMKC chapter motivated. Quinton has seemed very interested,
and has offered to help the chapter in the recent past.

I will keep you informed of our activities.

Tom

I really appreciate being kept informed.

Tom - I just responded to your email of 10:00am this morning. I think it will give you what you need to know about what we are planning as far as having buses to pick up people at KCI terminal "A".

If you have any further questions, please give a shout.

Eddie

Tom - I am asking Brian Budke, Local Arrangements Chair, to respond
to your questions.

We really could use a Ham radio operator at the airport. We intend
to have a network between KCI and the Manhattan Holidome.

We really appreciate your and KS-A efforts.

Let me know if you have further questions.
